What do we mean by Jupiter's transit (Guru peyarchi)?

We observe a planet's transit or movement. What does this mean? It is like us moving into a new house. Similarly, the transiting planets are said to change houses. This is what we mean by a planet's transit. Do planets move into a new house? Some may say this is disturbing, but the earth which we inhabit and where we live does appear as us sitting in the middle under a rounded sky. Our ancestors, the rishis and seers have calculated the time taken by these transiting planets. Firstly, they divided the 360 degree sky into twelve 30 degree segments or raasis as they are called and named each of them as follows – Mesham (Aries), Vrishabham (Taurus), Mithunam (Gemini), Kadakam (Cancer), Simmam (Leo), Kanni (Virgo), Thulam (Libra), Vrishikam (Scorpio), Dhanusu (Sagittarius), Makaram (Capricorn), Kumbham (Aquarius), and Meenam (Pisces). This became the measure of time as well. It is on this basis that the watch on our wrist is also divided into twelve hours. If the time taken by a planet to traverse one raasi is calculated, the time taken for its full journey over the twelve raasis would be known. It is when a planet completes its journey and returns to, from where it began, is what we term as the planet's transit (Kirahap Peyarchi). In our Temple, a wonderful Navagraha Havan is to take place in honour of this transition. We kindly invite all devotees to participate in the Navagraha homam as befits their raasis and nakshatras (stars).

Guru Peyarchi Raasi Palan: Impact of Jupiter's Transit on your Vedic Astrological Birth Star

Nakshatras/ Raasi	Guru Bhagavan's (Jupiter's) Transit / Effects
Aswani, Bharani, Karthikai Nakshatras (1 st Paatham) Mesham (Aries)	When Guru comes to your Jeevana Sthanam (10 th house), time will turn out a little different. Not that everything is going to turn upside down. The change primarily will be on your image or personality. The significance that you have been enjoying until now may show a slow down. Your performance in the official level will not be attracting its due recognition. You will have to feel that persons who are lesser than you in their merits or performance are given greater importance and you are not recognized. May experience new financial loans. May experience disturbances and animosity within family. Differences of opinions with parents may arise. You may have to bear the blame for no fault of yours. Family health will be a matter of concern. Expenses on medicaments will be on the rise. Personal health will show signs of improvements, but with expenditure.
Karthikai Nakshatra (2 nd , 3 rd , 4 th Paatham) Rohini, Mirukasreesham Nakshatras (1 st , 2 nd Paatham) Vrishabham (Taurus)	A new breeze is going to blow. Worries will be gone. All the bitterness you have tasted during the past around a year is going to vanish in thin air. Impending Subha Karya like marriage will materialize during the period of one year when Guru is in your Bakya Sthanam (9 th house). There will be expenses on account of Subha Karya during this period. Relief and happiness will prevail. Couples longing for a child will conceive a child during this period. Money will go on increasing this year and you will turn them into fixed assets like land, building, Jewellery etc. The period between September 2009 and December 2009 will be exceptionally good. Since Sani is also going to be in the 6 th house, benefits, happiness and pleasure of life will multiply manifold. This period will be a golden period.
Mirukasreesham Nakshatra (3 rd , 4 th Paatham) Thiruvaathurai, Punarpoosam Nakshatras (1 st , 2 nd , 3 rd Paatham) Mithunam (Gemini)	Guru moves into the 8 th house from your Midhuna Raasi. The one year period from December 2008 to December 2009 is going to be a period when you will have to swim against the current. People, who were friends and helpful until now will turn their face away. Friendship will appear to be meaningless in the time of need. A word you speak in the normal sense may be taken in the wrong sense, though may not have meant it. Financial position may tighten up. Earnings may run down. Liabilities will increase. Repayment of liabilities will be a tough job. Prone to accidents. Problems in the family will creep up. Your own personal health will also suffer.
Punarpoosam Nakshatra (4 th Paatham) Aailyam Nakshatra Kadakam (Cancer)	A change is up. Finances and credibility will improve. Health will show signs of improvement. The kind of cheer will prevail in your mindset. The effects of 7-1/2 years Sani is still prevailing on you until September 2009. The strains of 7-1/2 Sani will start vanishing from March 2009. The good effects of Guru having moved into your 7 th house Makaram will start prevailing from March 2009 onwards. Until then, you can see some changes - but not to

	its full dimensions. During the period of Guru in Makara Raasi, you will be able to discharge the liabilities you have accrued during the past one year. Finances will improve. Health will be satisfactory both for you and as well to your family. Family relationships by and large will be happy and pleasant. Some Subha Karya like marriage, which has been long awaited, will materialize during this period.
Magam, Pooram, Uthiram Nakshatras (1 st Paatham) Simmam (Leo)	You are running 7-1/2 years Sani. This period is Janma Sani until September 2009. After that Sani is going to move into your 2 nd place. This is called Paada Sani. During the period of 7-1/2 years Sani, with Guru in the 5 th place, you were able to manage your affairs to some extent - though with a good deal of dis-satisfaction. Financial clutches would cripple and make you worrisome. When Guru moves into the 6 th house Makaram, conditions may turn out to be a little worse from bad. Finances will be tight. Liabilities will be on the increase. Guru in the 6 th place will not be supportive to your efforts. Only you will have to tolerate the turbulence of time for now. There will be relief now and then. But they will not be consistent. Family relationships will normally be cordial. Personal and family health will give some small problems and will incur additional expenses.
Uthiram Nakshatra (2 nd , 3 rd , 4 th Paatham) Hastam, Chitirai Nakshatras (1 st , 2 nd Paatham) Kanni (Virgo)	It had been partially good and partially testing last year. Things around you would have moved well. Finances would have been at some ease and comfort. But, the Sirasu Sani - Sani in the 12 th place Simham - would have given you the tension and problems. Sani would have made you chase after nothing thinking there was something and finally ended up nowhere except tiresome expenses. The coming Guru Peyarchi is not going to stop the mixed effects. But, the effects of Guru in the 5 th house are something a wonderful experience. What you are thinking as not possible may materialize and what you think as can easily be done will be out of hands. During this year, great things are ahead. This year, you are going to buy some fixed assets. You will acquire some property. Also, you will create some liabilities. Either you will create the liabilities for buying the property or you may invest the money on hand in the property and create liabilities to meet the purpose of money you had on hand. If you are in business, you will thrive well during this year. Profits will be fine. But expenses will be a matter of concern.
Chitirai Nakshatra (3 rd , 4 th Paatham) Swathi, Visakam Nakshatras (1 st , 2 nd , 3 rd Paatham) Thulam (Libra)	A change for better is underway with Guru moving into Suga Sithanam (4 th house). Do not expect that things are going to change upside down and you are going to be absolutely free from worries. That is not the case. But sure there will be relief. Finances will ease up. Liabilities will be under control. You would be able to handle the obstacles successfully - of course - with some efforts. During the course one year, your health might suffer to some extent. Problems in the abdomen or gastro intestinal problems may cause some anxiety. Medical expenses will be high and higher will be the concerns of health. There may be some unpleasant news from your brothers or sisters. Family health will also be disturbed, involving higher expenses on medicaments.
Visakam Nakshatra (4 th Paatham) Anusham, Kettai Nakshatras Vrishikam (Scorpio)	This year after this Guru Peyarchi is going to be a real tough game. Undesired change in location, change of work, reduction in responsibilities, travelling and the like would have made you tired. The excessive expenses, in spite of liberal income and the straining health would have bothered you. Health and medicaments would have been part of your worries. This Guru Peyarchi is going to be no better than before. In fact, Guru in the 3 rd house will mean a good level of uncertainty in the business, profession or job. You will have to be doubly cautious in your work environment. Business, profession or job will bring you down to the level of feeling a sense of insecurity in life. Money market is going to be tight. Some people will have to leave their job, some may be asked to go. Your personal health and family health are likely to be affected involving medical expenses and worries. Family and social relations will suffer adding to your mental agony.
Moolam, Pooradam, Uthiraadam Nakshatras (1 st Paatham) Dhanusu (Sagittarius)	With Guru moving into Makara Raasi, which is the 2 nd place to your Raasi, you will have a remarkable change in all areas. Financial status will show a remarkable progress. Money circulation will be adequate and you will be able to handle any financial situation with ease. Animosity and rivalry in business can be easily overcome. Family relationships and friendships will improve a lot. Some people will have the opportunity to buy land or housing properties and as a result will also have to create liabilities. Subha Karya in the family is very likely. Impending marriage, long awaited child birth are some of the things which will keep the entire family in a happy mood.
Uthiraadam Nakshatra (2 nd , 3 rd , 4 th Paatham) Thiruvonam, Avitam Nakshatras (1 st , 2 nd Paatham) Makaram (Capricorn)	Guru is now coming to your Janma Raasi. This will be a great relief for you. The next one year will be within manageable control. Family relationships and friendships would gradually improve. Economy will show signs of improvement. Financial condition will become easier than before. You may have to raise new liabilities to tackle the past liabilities. But this will not be under distress as before. You will be in a more comfortable position to handle the situations. Though finances will improve, it will be difficult to go without new liabilities. You will have to borrow further and incur financial charges or interests to tackle the affairs during this year. But these will be at ease and not with strains. Chances are there that your health may give some problems.
Avittam Nakshatra (3 rd , 4 th Paatham) Sathayam, Poorattathi Nakshatras (1 st , 2 nd , 3 rd Paatham) Kumbham (Aquarius)	A real tough time is ahead of you this year. Finances that have been quiet easy to handle last year will gradually get to tighten. It will be difficult to mobilize money for the next one year. You would have planned a good way around last year and would have created some serious liabilities on a long term plan. Now the accruing interest and repayment is going to threaten you. The Subha Karya you have planned if any for this year, will almost be at a far distance. You may lose peaceful sleep. To that extent, Guru in the 12 th place is likely to give you experiences. Your personal credibility may even be at stake. You will receive pressure from altogether unexpected quarters. This is a period when you have to be doubly cautious about business relations, partnerships, friends and as well relatives. They might have been too good to you until now. You will find a reversal in all your efforts.
Poorattathi Nakshatra (4 th Paatham) Uthirattathi, Revathy Nakshatras Meenam (Pisces)	Guru is coming to the 11 th place - a place so wonderful for Guru in the contemporary transition. All round happiness is going to prevail upon your life in the next one year. Guru in the 11 th house clubbed with Sani in the 6 th place is a wonderful situation until September 2009. Even after that, Guru will continue to be the source of your peace and happiness in life. Health concerns - both personal and that of the family - will gradually vanish. Health will by and large improve and as well your economy. Financial resources will be excellent and there will be easy flow of money. Impending marriages will settle down. People longing for a child will have the good news of having conceived a child. Marital relationship will be cordial and harmonious. People in business or profession will have excellent growth. Turn over and profits will be exceptionally good.
